CALL FOR NOMINATIONS OF

THE SCIENCE AND TECHNOLOGY AWARDS OF IAEG

Dear IAEG members, National Groups and Commissions,

Aiming at promoting the development of the engineering geology discipline, the first Science and Technology Awards of IAEG (STA-IAEG) will be awarded at the occasion of the IAEG XIV Congress 2022 in Chengdu, China, September 14-20, 2022.

The STA-IAEG, awarded every two years, includes two separate prizes: the Academic Achievement Award (AAA) and the Technology Progress Award (TPA). The AAA is made in recognition of outstanding new developments in understanding and the TPA is to recognize the innovative new methods, new technologies, new processes, new software, new materials or new equipment in the field of engineering geology and the environment.

Candidates must be member of IAEG and nomination should be made by IAEG National/Regional Groups or Commissions.

The nominated applications should be sent to the Secretary General before April 1st, 2022.

The winner(s), selected by the selection committee, will be announced before June 1st, 2022.

For more information please refer to the Ordinance of Science and Technology Awards of IAEG.

Best regards,

Professor Faquan Wu
Secretary General, IAEG
